

Working Together Presents:

“10 Tips for Building Accountability & Transparency in Your Accounting Processes”

**With: Denise McClure, CPA, CFE
Averti Solutions, LLC**

Everyone knows internal controls are important. But it's difficult to segregate duties in small organizations where only a few people are involved in the accounting process. The Nampa School District learned how devastating accounting errors can be when they discovered a \$4.3 million shortfall due to multi-year budgeting mistakes. This workshop explores what nonprofits and businesses can do to protect their organizations by building more accountability and transparency into accounting processes. Attendees will learn how to:

1. Understand how internal controls protect both the organization and its employees;
2. Learn ways to build a culture of integrity in your organization; and,
3. Learn best practices for building accountability and transparency into your accounting processes.

Bring your questions, and your examples to add to the discussion!

Join us:

**Tuesday, September 10
9:00 am – 11:00am
Salmon Valley Business Innovation Center
Cost: \$25.00 per person**

RSVP to Kary at (208) 756-3146 or karyledbetter@gmail.com

The Working Together Network is a coalition of diverse community service organizations and agencies in the Salmon River Valley dedicated to sharing information, leveraging resources and supporting one another for the benefit of all.
