PRESENTS A FUNDRAISING WORKSHOP

“6-Figure Fundraising: How to Create and Run Your First \$100,000+ Fundraising Campaign”

It’s not that hard to put a 6-figure campaign together and raise big money. All it takes is planning, effort, and time.

WANT TO LEARN HOW TO DO IT?

In This Workshop You Will Learn:

- **How to create fundraising campaign details**, like a timeline and gift table, so that you feel confident and on track
- **How to create a case for support that answers every question** a donor might have about your project
- **How to identify “diamonds in the rough”** (people who have already given to your organization but have the capacity to give much, much more)
- **How to find potential major donors** in the community who aren’t currently giving to your nonprofit
- **How to build relationships on purpose** without feeling manipulative, sleazy, or slimy
